

## Chih-Hao Chen

### • Current position:

- Attending Physician, Department of Neurology, National Taiwan University Hospital.

### • Specialty:

- General Neurology
- Cerebrovascular disease

### • Education:

- PhD (studying), Institute of Epidemiology and Preventive Medicine, National Taiwan University.
- MD, School of Medicine, National Taiwan University.

### • Career and certification:

- Adjunctive Lecturer, College of Medicine, National Taiwan University.
- Attending Physician, Department of Neurology and Neurocritical Care, Far-Eastern Memorial Hospital

### • Reminder from Dr. Chen:

Neurological diseases are usually difficult to tackle with. It requires careful and attentive cooperation between patients, family and medical professionals, in order to find out the possible cause of disease and give evidence-based treatment accordingly. In addition, stroke remains the leading cause of disability in Taiwan. Please keep in mind the acronym “FAST” (Facial

drooping, Arm weakness, Speech difficulties, and Time)  
in order to get timely evaluation and treatment for  
stroke!
