- Director, Department of Medical Personnel, National Taiwan University Hospital Chu-Tung Branch.
- Director, Center for Medical Education and Research, National Taiwan University Hospital Chu-Tung Branch.

• Reminder from Su:

- Taiwan holds a position of high prevalence of depressive disorders and anxiety disorders.

Depression and anxiety represent a global health issue with huge medical costs and heavy burden. We all should know better about such mental disease and know better about how to prevent or deal with that. Please keep contact with your doctor for further information.
