

Chang-Ming Huang

• Current position:

- Attending Physician, Department of Dermatology, National Taiwan University Hospital.

• Specialty:

- Acne
- rosacea
- warts
- surgical dermatology

- laser

• **Education:**

- MD, School of Medicine, National Taiwan University Hospital

• **Career and certification:**

- Resident, Department of Dermatology, National Taiwan University Hospital

• **Reminder from Dr. Huang:**

Acne and rosacea are bothering skin diseases. Acne can be aggravated by cosmeceuticals, medications, stress, and food. Severe acne may lead to permanent scars. Rosacea usually presents as facial erythema, burning sensation and dryness. Definite diagnosis, avoidance of trigger factors, and medical treatments are

suggested for better disease control.
