• **Reminder from Doctor Du:**

The word ‘cancer’ can often evoke feelings of fear and helplessness. However,

with advancements in modern medicine, there are now more ways to treat this disease, including immunotherapy and cell therapy. At NTU Hospital, our pediatric cancer care team includes pediatricians, pediatric surgeons, nurses, dedicated pharmacists, child-friendly medical professionals, art therapists, social workers, and more. Together, we provide comprehensive care and support for children with cancer. Let's face this challenge bravely - cancer is no longer an incurable disease.
