

## Shih-Wei Meng

### • Current position:

- Attending Physician, Department of Internal Medicine, National Taiwan University Hospital.

### • Specialty:

- General cardiology
- coronary heart disease

## • **Education:**

- M.D., School of Medicine, National Taiwan University

## • **Career and certification:**

- Attending physician, Department of Internal Medicine, National Taiwan University Hospital Hsin-Chu branch.
- Chief Resident, Division of Cardiology, Department of Internal Medicine, National Taiwan University Hospital
- Resident, Department of Internal Medicine, National Taiwan University Hospital

## • **Reminder from Dr. Meng:**

Coronary artery disease is closely related to lifestyle, diabetes mellitus, hypertension and

dyslipidemia. A healthy lifestyle and good control of those medical diseases are cornerstones to prevent coronary artery disease.
